About DQS group

DQS Group is one of the leading certification bodies for management systems worldwide. Under the strategic leadership of DQS Holding based in Frankfurt, Germany, all companies of DQS Group strive for one common goal: to improve our customers' management systems by offering valueadding assessment services based on more than 200 nationally and internationally recognized standards and specifications. DQS offices work under various accreditations, e.g. DAkkS, ANAB, UKAS, INMETRO, GOST, etc.

DQS group stands for:

Integrity, expertise & quality | Support of business success & organizational health of our customers | Identification of strengths & potential; illustration of options for action | Focus on how organizations are managed & organized, that is: people, systems & processes | Professional & experienced auditors | Internationally recognized certificates | Customized & practical solutions

Take a look at some of our services:

KNOWLEDGE SOLUTION CENTER

Knowledge Solution Center is the accrued result of all our experiences and expertise in the field of quality and business processes. As an organization we believe it is our duty to impart onto our clients what we know in terms of our knowledge of all that is to do with business processes and quality. A quaint characteristic of what we reckon transforms our clients to more than just a follower of these process, but to a more sophisticated level such as understanding and evolving by using corrective measures to ensure the delivery and sustainability of these processes.
